No, I need to scoot back here early afternoon.

Let's see what Jeff says and we'll figure out something around that week.

Thanks, and have a Happy Thanksgiving!

Jeryl

Would you like to carve out some time while you are in San Francisco the day before? Rebecca says she defers to you and Jeff on these discussions, so we will do it when you and Jeff are available. The afternoon of Jan 24 would also work for me.

Dang, that time won't work for me, Dante.

I just replied to your invite.

Hi Dante,

Jeff is busy today, but I will reply for now.

I will be in SF for the PA-SI Grant meeting on 1/23, but returning back here that afternoon.

I can be available on 1/24 for a MSCA Grant discussion over the phone.

We'll see what Jeff's availability is when he gets a minute.

Thanks,

Jeryl R. Gardner, P.E., C.E.M.

Jeff and Jeryl,

As pertains to the MSCA grant, we will need to discuss its phase-out after the deferral. Assuming the deferral occurs in December, which is looking likely, it would be timely to discuss the topic in January. We are scheduling our annual MSCA meeting for January 24 wherein Rebecca will be visiting our office. Shall we block some time on you guys' calendars to participate on January 24? Could call-in if desired, or travel – your choice.

Hi Rebecca,

The main Anaconda issue will be the deferral of the site to State-lead, which would end the EPA grant to the State. As the deferral is likely to occur in December, we would be in a phase-out period with the State grant thereafter. January would be a reasonable time to discuss the particulars of the phase-out, so it might be good to have Jeff Collins join us by phone on the 24th for an Anaconda discussion.

As you generally talk and meet with each other regularly on all things Anaconda, we use this time for the Carson River only.

Rebecca,

Quick question – Who would represent the Anaconda part? Usually Jeryl or Jeff Collins would participate for Anaconda purposes.

Andy and Dante,

It's that time of year again! Dave, Hal, and I would like to meet with EPA in San Francisco for our annual grant meeting. We'd like to meet on Wednesday, January 24th. Last year, we took advantage of this time to work on the LTSRP and would like to use this opportunity as a working meeting, again. We are able to meet with you all day on Wednesday and Thursday if you are available. As I am scheduling this in conjunction with our State Response Grant manager, please let me know your availability as soon as possible.

Thank you,

Rebecca J Bodnar
